DECLARATION

We hereby declare that this project is our original work and to the best of our knowledge the project has not formed the basis of any other award.

Students

1. [Admission No and Names] Signature Date.....

[Personal contribution statement-write your personal contribution to the project-at most three statements aligned to project objectives]

2. [Admission No and Names] Signature Date.....

[Personal contribution statement-write your personal contribution to the project-at most three statements aligned to project objectives]

Supervisor

This report has been submitted for examination with my approval as the University Supervisor

[Indicate your Supervisor Name]

Signature Date.....

ABSTRACT

State in summary the problem that you were out to solve, the motivation, the tools you used and how you approached the solution, what you achieved and any pending unresolved issues which can form basis for future studies. You may also highlight any constraints/challenges you encountered.

Notes*

- i. You are documenting what you have done (past) not what you will do.
- ii. A single paragraph of about half a page is enough

DEDICATION

ACKNOWLEDGMENT

TABLE OF CONTENT

List of Tables

List of figures

List of Abbreviations and Acronyms

CHAPTER ONE-INTRODUCTION

CHAPTER TWO-LITERATURE REVIEW

APPENDIX

Schedule (Optional)

Budget (Optional)

Fact finding evidence-Questionnaires, interview questions etc

Code segments (sample for critical functions of your system)

...

General Notes*

- i. All Main sections and each chapter should start on its own separate page!
- ii. Ensure title page does not have page number and is not headed as proposal/progress
- iii. Declaration is page “i”
- iv. Chapter One starts on page “1”
- v. Tense is past (for final document)
- vi. All references (on reference section) should be originating from your document” should have been cited”-mainly chapter One and Literature review
- vii. On Testing/deployment section include screen shots of your working system and corresponding explanation and all figures/tables should be properly numbered
- viii. Entire code is not required (short code segment is enough-where applicable)
- ix. Ensure no typos/poor sentence structures and the document is neat and in good English
- x. The document should be font size 12,1.5 spacing, 1” margin (for all), Times New Roman (with exception of title page and headings)
- xi. Submit fine copy in soft and await recommended corrections/authorization (from your supervisor) to do hard cover binding
